Highways and Byways from the website?*

What we do is produce a quarterly CD Audio production that may be best described as "Church Out Of The Box"

It's full of Talk, Music, Good, Clean Comedy, Answers to Spiritual Questions (Called in to the 24 Hour Voice Mail Line.) Evolution Vs. Creation Debate, End Times Updates as well as a few other in house audio production segments.

We are working hard to expand this outreach to minister not only to those who are away from home, but also for those who are at home waiting and praying for their driver to safely return.

Spring Has Sprung, and We Are So Glad!

We are betting you are glad to. Oh we are all Christians, right? So no bets here, so let's rephrase, to say "We are thinking you are glad to!

"The Lord said to the servant, 'Go out into the highways and hedges, and compel them to come in, that my house may be filled. Luke 14:23

Why this Letter?

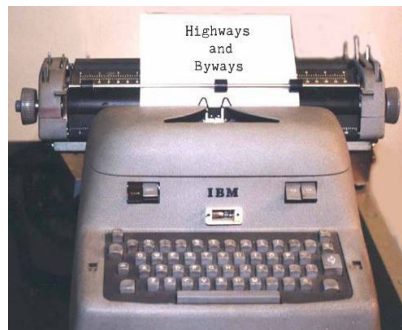

Well glad you asked!

We created this paper letter, to communicate with all those truckers, Highway Ministers, Friends, and Foe that just don't get the internet thing. We hear from many of you. Not only are we sending out this special newsletter, we are including an order form from the Highways and Byways website. For things such as Highways and Byways caps, patches, and flash drives with all available Highways and Byways volumes all the way back to 2004. This paper was requested from many of you, you guessed it, from many HIGHWAYS AND BYWAYS Ministers of this great country and Canada.

THE SIGNIFICANT YOU

By Wyatt Timmins

THE BALANCED PERSPECTIVE...

It is important to have a healthy, positive attitude about ourselves without thinking that we are *(as the saying goes)* "All of that and a bag of chips."

Romans chapter 12:3 puts it like this; "For by the grace given to me I say to

everyone among you not to think of himself more highly than he ought to think, but to think with sober judgment, each according to the measure of faith that God has assigned."

Now that doesn't mean that you're not significant. In fact, when God looks at you, He sees someone entirely different than you might imagine.

GOD MATH...

Before we can truly understand just how significant we really are to God, I believe we need to understand that numbers mean things to God.

He has used the number '40' to speak of trials and testing (See Noah and the Ark with a 40 day rain, Jesus Fasting 40 days, Moses training period with God, Israel wandering in the wilderness 40 years etc...)

The number 7 for God's perfect number of completion, the number 6, which is the number of man. On and on the examples go of how God uses numbers in His dealings with mankind and creation as a whole.

I'm going to take us to another number that more than likely, does not mean much of anything to you. That's OK, going in to this, but I think that will all change on a few minutes.

3168...

No, it's not the number you should play on a lottery ticket and it's not the number of times before God gives up on you.

What it is, is the numerical equivalent to the name "Lord Jesus Christ."

It's called 'Gematria' and it's a method of assigning numerical values to letters or words.

Now before give in to the notion that 'man can make numbers say anything just by manipulating them the way he wants to' consider the following...

When the moon's orbit crosses the circle around the earth, it sits at an angular diameter of 3168 arc-minutes.

If you draw the same circle between the earth's orbit of the sun, you get that same, exact 3168 arc-minutes angular diameter.

If you check the coordinates on a proper map, you will find that Bethlehem, the birthplace of the Lord Jesus Christ sits 31.68 degrees North.

It's amazing to study and there are actually more examples of how this number 3168 plays in to creation but it *really* shouldn't be any surprise to us at all.

If the number 3168 is the numerical equivalent of the Lord Jesus Christ, that we should see His numerical value appear all over the very creation that He spoke into existence...sort of like an artist signing their name on what they create.

**Tell all your friends, family and co workers about
www.highwaysandbyways.org**

These few examples speak volumes to the significance of numbers to our Creator but there's one number that means more to Him than we can truly comprehend most of the time.

THE NUMBER ONE...

In the mix of all that God has created, contained inside the incredibly complex numerical system that the universe is laid upon, there is this little number, the number "one".

This is you my friend...God can see the big picture of all humanity ever created yet, He *can* and *does* see you and is *mindful* of you.

His words to Jeremiah were not exclusive, they were inclusive... ***For I know the plans I have for you,"***

declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future (Jeremiah 29:11)

As hard as it is for you to imagine, God has a game plan for your eternal well-being *and* He has a plan to your life while you live on planet earth.

If you don't think that what you do for Him catches His eye, if you don't think that He sees the efforts you are making to show the love of God to others, than you do not have a balanced perspective of how God sees you.

YOU ARE SIGNIFICANT TO HIM

He sees the 'One'...He sees *you*, He died for an entire world of sinners *and* at the same time, you need to understand that if you had been the only person in need of forgiveness of sin, He would have died just for....you are *that* significant to the Lord Jesus Christ. Even the seemingly trivial act of engaging a fellow driver and leaving them with a little Highways and Byways CD could play such a significant part in helping the next person in God's plan to connect with the reality that they are also, significant to Jesus....just like you.

Don't forget to fill in the order form on the other side of this page. Order or not, we need to keep our communication information current. Thanks and have a great day in the LORD
